30th March 2016

To Whom It May Concern:

I can confirm that Mr. MD Rizvi Alam (a PhD student of University of Molise, Italy) attend University College Dublin from September 30th 2015 to March 30th 2016 (i.e. a period of 6 months) and worked in our laboratories on a short research project in the area of heat and mass transfer in Pulsed Electric Field treated vegetable drying. Mr Rizvi MD Alam, is currently on placement in the University of Salerno and is working with Professor Francesco Marra.

If you require any further information, please do not hesitate to contact me.

Yours faithfully,

Professor James Lyng

01st May 2015

To Whom It May Concern:

I can confirm that we are expecting Mr. Rizvi MD Alam (a PhD student of University of Molise, Italy) to University College Dublin from September 1st 2015 to February 28th 2016 (i.e. a period of 6 months) to work in our laboratories on a short research project in the area of heat and mass transfer in continuous microwave cooking. Mr Rizvi MD Alam, is currently on placement in the University of Salerno and is working with Professor Francesco Marra (who is both a very good personal friend of mine and has been a collaborator with my group at University College Dublin for many years). I have also met with Prof. Luciano Cinquanta (University of Molise, Italy) who is Mr. Rizvi MD Alam supervisor. Mr. Rizvi MD Alam will perform some experiments in our laboratories to develop a model on continuous microwave heating in Italy.

If you require any further information, please do not hesitate to contact me.

Yours faithfully,

Professor James Lyng
